

Authorization of the use and sharing of data

Thank you for your interest in contributing data and/or any other content (collectively, "Contents") to the geo-database of the OpenStreetMap project (the "Project"). This contributor agreement (the "Agreement") is made between you and The OpenStreetMap Foundation ("OSMF") and clarifies the intellectual property rights in any Contents that you choose to submit to the Project.

We, the undersigned the National Digital Strategy

grant to OSMF, in the conditions as stated below, a worldwide, royalty-free, non-exclusive, perpetual, irrevocable licence to do any act that is restricted by copyright, database right or any related right over anything within the Contents, whether in the original medium or any other. These rights explicitly include commercial use, and do not exclude any field of endeavour. These rights include, without limitation, the right to sub-license the work through multiple tiers of sub-licensees and to sue for any copyright violation directly connected with OSMF's rights under these terms. To the extent allowable under applicable local laws and copyright conventions, we also waive and/or agree not to assert against OSMF or its licensees any moral rights that we may have in the Contents.

We grant to OSMF that it may only use or sub-license our Contents as part of a database and only under the terms of one or more of the following licenses: ODbL 1.0 for the database and DbCL 1.0 for the individual contents of the database; CC-BY-SA 2.0; or such other free and open licence (for example, <http://www.opendefinition.org/okd/>) as may from time to time be chosen by a vote of the OSMF membership and approved by at least a 2/3 majority vote of active contributors.

We consent OSMF to quote us or cite the owner of the copyright, according to our wishes or these of the copyright holder. The citation will be showed on the following web page <http://wiki.openstreetmap.org/wiki/Attribution>.
