6:00pm-8:30pm

Join us **November 7th 2014** for a Mapping Event where we will create maps to support humanitarian aid in regions hit by Ebola for organization such as Red Cross and Doctors Without Borders. Bring a laptop and a mouse if you can, no mapping experience required!

- Provide direct ground support to aid ground support fight Ebola
- Help map out the most vulnerable places in the developing world
- Learn satellite photo interpretation and mapping skills
