

For clarity and without limiting any other rights granted, Environment Canterbury acknowledges and agrees that the OpenStreetMap Foundation and the contributors and users of OpenStreetMap may use:

1. <https://gisbasemap.ecan.govt.nz/arcgis/rest/services/Imagery/MapServer>
2. [https://gisbasemap.ecan.govt.nz/arcgis/rest/services/Imagery/Imagery\\_basemap\\_WGS84\\_4/MapServer](https://gisbasemap.ecan.govt.nz/arcgis/rest/services/Imagery/Imagery_basemap_WGS84_4/MapServer)

imagery from Environment Canterbury to derive or extract data, including without limitation tracing and vector feature extraction, and/or to produce derivative vector datasets, in each case for purpose of contribution to OpenStreetMap, and Environment Canterbury disclaims any rights in such derived or extracted data.

**For a tracing waiver as to imagery already/to be released under CC BY/CC BY-NC/CC BY-SA:**

For clarity and without limiting any other rights granted, with respect to any imagery Environment Canterbury has released or releases in the future under a [CC BY/CC BY-NC/CC BY-SA] license, Environment Canterbury waives any and all conditions of the license that could conflict with or prohibit free and unencumbered use of that imagery to derive or extract data, including without limitation tracing and vector feature extraction, and/or to produce derivative vector datasets[, in each case for purpose of contribution to OpenStreetMap]\*\*, and Environment Canterbury expressly disclaims any rights in, or use conditions on, such derived or extracted data.

\*\*\*"in each case for purpose of contribution to OpenStreetMap" should be included if the entity wants this tracing waiver to apply to OSM only.

Regards

**X**
